NEWSLETTER

October 2018

A huge shout out to the 'Tractor Guys' Great teamwork all round during the membership renewals and tractor key registrations. Thank you to the members who joined the subcommittees. We need more people, so please show your support.

From the Treasurer

If you have not received your Annual Subscription yet, please contact me (Anne Biddle) at finance@kapitiboatingclub.nz and let me know. The major problem has been identifying members and matching their details on the databases that were being used. For some we have no details at all. So far 15 email addresses are incorrect.

We are in the process of establishing a new database for all boats. This will require a full description of all boats including trailer regos. We will need details of who to contact on-shore in the event of an emergency or if a problem is reported. This can be downloaded from our website under "Application for New Membership" and fill in all details. (**Attention!!** all details on the form must be current and up to date!!) The committee are all involved in making sure we have as many of our members covered in this new database, so please make sure you contact me. Some people have written "As last year" or "Same", these comments will not be accepted as in most cases your details weren't recorded on that old database anyway.

Family members (i.e. Two adults and children under 19 years of age) please make sure you have given us details of all children under 19, this will help when we have fishing competitions as we'll have the names of those competing for prizes.

Thanks all for your great support, and remember if you have any queries please do not hesitate to contact me at the above email. Also any friends belonging to our members we have a Social Membership at just \$30 a year, which entitles them to join into our Friday Club Nights and any other functions that are held. An Associate Member (Non-boat owner) but part of your crew can pay \$85 Membership and take part in our fishing competitions with the KBC Senior Member
